

Christmas Gift Catalogue

More than just a Pig!

Your gift results in us actually buying that item for someone very vulnerable in one of the 12 developing countries we work in. We're not just saying it – we actually do it!

When you buy the gift of a pig, we actually buy a pig for a woman in Maban, South Sudan! But it's much more than a pig, it's an investment, and she'll ensure the pig reproduces and she'll sell off one of those pigs for a rainy day, like when flash floods hit. When there's no bank, no post office and your home gets washed away, you've got to be smart about where you invest. Our NGO has been around for more than most in Ireland – set up nearly 80 years ago – we know by now, what works, what doesn't, where and how to reach the furthest left behind.

HOW IT WORKS

1. Choose a gift

2. Receive a card for your friend or loved one

3. Add your own message and post or hand it to them
